## A PIONEERING SPIRIT

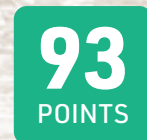

Born of the Frontier Spirit that drove the early settlers of the American West, comes Old Settler Kentucky Straight Bourbon Whiskey. The realization of a dream begun with the establishment of Boone's Knoll Distillery in 1879, this beautifully crafted Kentucky Straight Bourbon Whiskey reflects the strength and determination of our pioneer ancestors. Hand-selected for its power and purity, Old Settler reminds us that hard work and an adventurous spirit leads to success, and that simplicity isn't simple. Have a seat by our fire, we're always happy to share with fellow trailblazers.

## TASTING NOTES

This specially selected high-rye Kentucky Straight Bourbon Whiskey displays a pure auburn-mahogany color rimmed by a halo of yellow gold. Classic aromas of toasty oak, vanilla, dried plum, raisin and maple-caramel are complimented by hints of tobacco and baking spices. Rich flavors of sweet oak, vanilla, maple pecan, warm baking spice and tobacco lead to a long, warm and deceptively soft finish.
