HISTORY

In a joint venture between MISA Imports and Botter, the Savino line was created. Botter was founded by Carlo Botter and his wife Maria in 1928 in Fossalta di Piave, a small town near Venice. It started off as a small business selling local wines in barrels and demijohns. At the end of the 90s, the third generation - Annalisa, Alessandro and Luca - joined the company, driving its evolution to meet the needs of a more dynamic and global market.

TASTING NOTES

Light rose color with fine, bright perlage. Delicate and floral bouquet of acacia and rose accented by fruity notes of peach, green apple and lemon. Fresh and light on the palate, with balanced acidity and a round, full-bodied structure.
